2D/3D Motion Designer · AI Creative · CGI Artist

## Profile

I'm a 2D/3D Motion Designer · AI Creative · CGI Artist with a Fine Arts background and a strong passion for history, detail, and nature-inspired aesthetics. I specialize in crafting high-end controlled visuals from initial sketches to final animations.

By integrating advanced AI tools into my workflow, I push creative boundaries while maintaining precision and originality in every project. My approach ensures each piece is unique, blending CGI with 2D and 3D motion design to deliver captivating visual stories from concept to final execution.

## Professional Experience
